To whom it may concern:

I would like to extend this letter of recommendation to PATTILLO CONSTRUCTION Corp., located at 2600 Century Parkway NE Suite 100, Atlanta GA 30345. BITZER US, Inc. hired PATTILLO to build a 95k SF building for manufacturing and distribution in 2012 located in Flowery Branch Georgia, as well as a 54k SF extension to that facility in 2017. We chose to work with PATTILLO for our design and construction services after an extensive evaluation of construction firms capable of this type of project. Based on their experience, success and reputation our decision was easily made to partner with them initially for our new facility in 2012. When it came time for an expansion, based on their performance the first time around, PATTILLO was again an easy decision.

PATTILLO demonstrated a high level of expertise in design, project and construction management, sub-contractor selection, as well as flexibility for BITZER to accomplish our project goals in a timely and cost conscious manner.

PATTILLO was highly responsive to our inquiries and requirements, and the project was completed on-time and in-budget. I would recommend PATTILLO without reservation to anyone looking to build a new facility or expand an existing facility. Additionally, BITZER would not hesitate to contract with PATTILLO again to help support our continued growth.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Duffy".

Michael Duffy  
Vice President of Operations  
Bitzer US, Inc.
