Tatsumi Intermodal (U.S.A.), INC.  
3725 Gateway Centre Parkway  
Gainesville, GA

To Whom It May Concern:

I highly recommend Pattillo Construction as a general contractor. Pattillo recently completed their 4<sup>th</sup> warehouse build for us and I have had the pleasure of working with them for over 17 years.

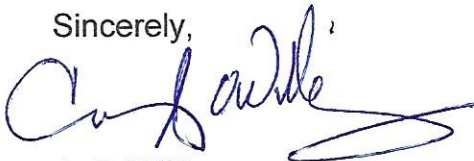

Pattillo has the ability to perform great work while providing innovative ideas along the way. They provide work that looks good and most importantly, build facilities that lasts. Through the productions they've kept us informed of the entire process including deadlines, budgets, and any issues that arise. If there were changes needed they've always worked with us to keep cost at a minimum.

The superintendents keep the sites clean and organized in a manner that well represents the professionalism of our company. The quality of the sub-contractor workmanship is controlled which allows me to use my time during site visits to look at upcoming issues rather than re-examining completed work.

Pattillo's general openness and fairness is always much appreciated. I was pleased to work with Kristopher Leary, Keith Walters, and Enstin Ethayananth on this on this latest project and will not hesitate contacting Pattillo on future bids.

Please do not hesitate to contact me, if you have any questions regarding this recommendation.

Sincerely,

Arrik Williams  
Project Manager
