To Whom This May Concern:

Re: Pattillo Construction Corporation

Gentlemen:

It is with great pleasure that I am writing to advise that we have enjoyed an excellent working relationship with Pattillo Construction Corporation for almost 30 years. During that period of time we have supplied structural and miscellaneous steel to them for construction of hundreds of commercial and industrial buildings totaling several million square feet. We have always found the people at Pattillo to be of the highest caliber exhibiting honesty and integrity to the greatest degree. Pattillo has always been very pleasant to work with honoring all commitments and paying on time. It is without hesitation that I would recommend Pattillo as one of the top organizations we have had the pleasure of working with since our business was started in 1923.

If you have any questions or would like to discuss any aspect of our relationship with Pattillo please do not hesitate to call.

Very truly yours,

Bert Stein  
President
