

Specializing in interior renovations, tenant improvements, retail/commercial build-outs and commercial new construction, the Pattillo Construction Interiors & Special Projects Division can handle all of your construction needs. Serving as an extension of the owner Pattillo Construction will represent your interests throughout the project with planning, budgeting, design, preconstruction, general contracting and construction management services. Regardless of size, we draw upon the strengths and expertise of our diverse team of professionals to fully understand expectations and set measurable, attainable goals to ensure each project is completed on schedule and within budget using the highest quality products and workmanship.
